

TOWEL WARMER

LA TENUTA
AGRITUR apartments

In the bathroom of each apartment, there is an electric towel warmer with a digital timer.

**Please use the device RESPONSIBLY.
Avoid leaving it constantly on throughout
the day.**

Contact the staff for any scheduling of operating hours.

1. Turn on the device by pressing the **ON/OFF** button
2. Select the desired function by repeatedly pressing the button **PROG.**:
 -  **Manual Mode**
After turning on the device with the **red** button, select the temperature using the **+** and **-** buttons.
 -  **Night Mode**
Set the nighttime operating temperature (**+** and **-**).
 -  **Anti-freeze mode**
Set the minimum activation temperature (**+** and **-**).
 - **2h Timer Mode 2h**
This function allows you to activate the device for 2 hours, after which the device will automatically turn off.
Use this FUNCTION to DRY the TOWELS.
To activate the function, simply press the **green** button until the 2h icon appears.
 -  **Weekly Programming**

WARNING: Covering the hot surface with fabrics (towels, clothes, etc.) for an extended period may cause fading of the fabric and/or color transfer to the device.
